This retreat offers us the opportunity to use the scripture of **Woman at the Well** from John's gospel (4: 5- 29) as well as our own lived experience, that is our personal gospel story: a story of encountering God, having our eyes opened by the experience, of being vulnerable, of going deeper, of conversion and transformation, of coming to new life and being asked to share the story, to proclaim the good news.

In Jewish history wells imply hidden depth, the work of digging for the life- giving source... water. This is true in the physical world and in our spiritual life.

Come explore the depths of your well with God, finding the life-giving water that God offers you at this time of your life.

Benedict Hennessy
So, take a gentle moment,
To stop beside the well,
And listen to the story
That the waters tell.
