

## **ANSELL RUBBER GLOVES SHAREHOLDER ACTION - Assistance required for ACRATH**

As you may already know, ACRATH has been working for several years to persuade Ansell to address forced labour exploitation in rubber glove factories in Malaysia. ACRATH has been doing some of this work with St Vincent's Health Australia (SVHA).

Now a group of former factory workers is taking Ansell to Court <https://acrath.org.au/workers-sue-over-labour-abuse/>. ACRATH is interested in asking a shareholder question at the Ansell AGM on 10 November 2022. ACRATH has no shares in Ansell. ACRATH is wondering if it might be able to partner with one of the congregations who have Ansell in its shares portfolio.

If anyone has Ansell shares or knows of a congregation with Ansell shares, and is open to an initial conversation with ACRATH, please phone email Christine Carolan of ACRATH on 0427 302 755 or [eo@acrath.org.au](mailto:eo@acrath.org.au).

An initial conversation does not indicate any commitment, but ACRATH would be grateful for the contact to discuss what may be possible.
