

SPIRIT DREAM

- 1. Spirit dream in this ancient land.
From desert plains to rivers and seas,
from mountains high to valleys deep,
there is a sacred dream in all that lives.
This land and all it holds within,
cries out and groans in giving birth,
when will its freedom be born?**

***Chorus: Spirit dream, come stir in every heart
new vision and hope in all.
Fulfil your dream, make real your life in us,
spirit dream.***

- 2. Spirit dream in the depths of our hearts.
In rich and poor, in weak and strong,
in restless souls, in yearning hearts,
there is a sacred dream in all who live.
To heal and reconcile all pain,
to honour and uphold
in all – justice and true dignity.**

Chorus (sung twice)
