

YOU ARE INVITED TO AN

Acculturation Programme

WHERE: **St Leo's College, University of Queensland, College Road, St Lucia**
FROM: **9 July 2023 (commencing with dinner for course participants)**
TO: **15 July 2023 (ending in the morning)**

Our globalized world brings together more and more people from different cultural backgrounds. Our faith communities here in Australia are also increasingly multicultural, providing mission challenges for people in the pews and for their faith leaders who often mirror their communities by their countries of origin. The social sciences contribute some constructive approaches to these challenges. However, people of faith also need to rely on sound biblical and theological foundations to live and minister interculturally.

This course aims to provide insights and skills, as well as times for sharing, for religious women and men, and for diocesan clergy.

Come along and you will be surprised and delighted by the God of many faces.

Please RSVP to Sharyn van Berkel (vanberkels@bne.catholic.net.au)
by **Tuesday, 30 May 2023.**
