

## **CERA Disaster Fund Grant Guidelines**

## Round 1: Applications close 5pm AEST 5 June 2020

# Catholic Emergency Relief Australia has received donations from across Australia since its launch in February 2020.

Support from individuals, schools, and organisations, as well as significant donations from the Vietnamese Catholic community in Sydney, the Sisters of the Holy Faith religious congregation and the Archbishop of Kuala Lumpur, have enabled CERA to open a grants funding round to support communities most dramatically affected by the bushfires.

The support is for local not-for-profit organisations and community groups that are delivering locally-led projects and activities to support people in their recovery as a result of the 2019/2020 bushfires.

Through the provision of grants, the aim of this program is to address a range of needs including, but not limited, to:

- Grief and trauma counselling
- Mental health and wellbeing; and
- Community activities that strengthen volunteer community groups and their activities.

#### **Funding Available**

This funding round of \$100,000 will provide grants from \$1,000 to \$25,000 to support the recovery of communities affected by the 2019/2020 bushfires. Future funding rounds will depend upon donations received.

**Round 1:** Applications received between 13 May 2020 and 5 June 2020 will be assessed, with outcomes announced on 15 June 2020.

### **Applicant Eligibility**

#### Who can apply?

- Community-based organisations operating in regional and rural areas of Australia in a Local Government Area (LGA) with a bushfire disaster declaration from September 2019 to February 2020;
- Organisations with an ABN or Incorporation Certificate;
- CERA funding must be for charitable purposes, so projects that support core business and areas of responsibility of federal, state and local governments are ineligible.

An organisation is eligible to submit one application per grant round.

All eligible applications are considered by CERA's grants approval panel on their merit. Applications are assessed based on the documentation received at the time of application.

Projects funded should be undertaken within a period of 12 months from receipt of funds.
