

Pastoral Care training days for aged care ministry.

# Touching the Edge

SPIRITUALITY • FORMATION • RESOURCES

'Touching the Edge' is taken from the eighth chapter of Luke's Gospel and refers to the healing of the woman whose life is changed by touching the edge of Jesus' cloak:

*"Daughter, you took a risk trusting me, and now you're healed and whole. Live well, live blessed!" Luke 8:43-45*

**Touching the Edge** is a unique workshop for pastoral care staff, chaplains, volunteers, and all involved in a ministry of service within aged care facilities and hospitals that breaks open the ever-present and unfolding mystery of God's transformative love in our lives.

**Touching the Edge** provides spiritual, theological and practical formation for you in your ministry of health and/or aged care, and will equip you with the tools and strategies for ministering to those most vulnerable in our community. Using meaningful prayer and ritual, reflection, sharing and discussion, story and song, **Touching the Edge** will help to enhance the lives of those you encounter and support.

**Make time for your own well-being** through this dedicated program designed to enrich your ministry.

*"To pray together, to help one another, to share life stories, common joys and struggles, this is what opens the door to the work of God."* **Pope Francis**

**The Touching the Edge** workshop will equip you with the tools you need to enhance and empower your ministry.

Contact the **Lazaretto** team to see how **Touching the Edge** can be added to your 2023 professional learning calendar.
